BREAKING NEWS

In the history of Hoo-Hoo International there is a ritual for the Snark of the Universe. Once the Snark completes their term of office, an embalming ceremony is performed, usually at the International Convention and the Snark become a Rameses with a chronological number.

The most senior member in Hoo-Hoo is:

The Seer of the House of Ancients

The Ancients are all the living Rameses and the succession to Seer occurs as the Rameses with the next chronological number moves into that position

We are happy to announce that

JIV has its first Seer

Phillip Cocks L77298 Rameses 81
Tasmania born currently living in Florida USA
Founding member of Launceston Club 239

Congratulations Phillip
